多媒體原理與應用Canva

顏偉民 Yen, Wei-min

最高學歷：

- 高中畢業

專長領域：

- C++ 程式設計與軟體開發
- 遊戲設計與互動媒體開發
- 應用程式設計與使用者介面規劃
- 多媒體系統與數位內容製作

電子郵件：waveenhermosura09@gmail.com

I'm Yan, Wei-Min (顏偉民), a 4th-year student in Information Engineering at Taipei City University of Science and Technology.

My academic focus includes software development, game design, application design, and multimedia systems. I have solid experience in C++ programming and a strong interest in developing interactive and user-centered digital applications.

My goal is to apply my technical and creative skills to real-world projects involving game development, multimedia interaction, and software design.

自傳

性格和能力是自我的一部分，了解自己的性格和能力可以培養自我意識，並利用它來影響自己的職業選擇、人際關係和個人成長之路。

我從小就對電腦和手機感興趣，這幫助我發展了該領域的能力，包括編碼、硬體等。這影響了我的職業選擇，並為我的未來開闢了道路。

我是人們所說的內向的人，通常不怎麼與人交往，但由於我的愛好，如動漫，幫助我培養了我的社交能力和社交圈，參加會議和聚會幫助我進一步發展了社交能力我所缺乏的技能。

擁有一個社交圈，尤其是有共同興趣和事業的社交圈，可以更有效地實現目標。身為人類，我們應該善於交際，我們渴望人與人之間的互動，人際關係對我們來說很重要。我的興趣和愛好之一是玩線上電玩遊戲，這也幫助我在信任和友誼的基礎上與其他人建立更緊密的人際關係，這也可以影響我生活的其他部分，例如工作和周圍的環境。

環境也會影響一個人的性格，對我來說，我被留下來並信任獨自做事，讓我變得獨立，當我自己去台灣讀書時，這一點就更加堅定了。它讓我養成了自己的消費習慣、生活方式和決策，這些都成為了我的常態。

Personality and abilities are part of who you are. Understanding your personality and abilities can cultivate self-awareness and leverage it to influence your career choices, relationships, and personal growth.

I've been interested in computers and mobile phones since childhood, which has helped me develop skills in areas like coding and hardware. This has influenced my career choices and paved the way for my future.

I'm what people call an introvert and don't usually socialize much, but my hobbies, such as anime, have helped me develop my social skills and network. Attending conferences and meetups has helped me further develop the social skills I lacked.

Having a social network, especially one that shares common interests and endeavors, allows you to achieve your goals more effectively. As humans, we are meant to be sociable and crave human interaction. Relationships are important to us. One of my hobbies is playing online video games, which has helped me build closer relationships based on trust and friendship, which has also impacted other aspects of my life, such as work and the environment around me.

Environment also influences a person's character. For me, being left alone and trusted to do things on my own made me independent, which was further solidified when I went to Taiwan to study on my own. It allowed me to develop my own spending habits, lifestyle, and decision-making, which have become my norm.

技能樹-專長

Skills

Technical Skills

- Programming languages (C++, Python)
- Game design and development
- App or web development
- Database management (SQL, MySQL)
- Multimedia design
- UI/UX design
- Machine learning basics
- Integrated Development Environments (IDEs): Visual Studio, Visual Studio Code

Soft Skills

- Fluency in English and Filipino
- Communication and teamwork
- Problem-solving and critical thinking
- Time management
- Creativity and innovation
- Adaptability and flexibility
- Attention to detail
- Responsibility and self-discipline
